Our mission is simple:
to get you home safe at night

 **FMCSA EXEMPTION**
Federal Motor Carrier Safety Administration

Second Generation Sequential Flare

Our second generation smart flare incorporates 5 years of experience and input from thousands of users worldwide.

We're here to *guide* drivers, not just warn them. They're already warned when they come upon a scene but where are they to go?

Key Features

- › **Sequential Flashing Patterns**
Advanced warning through guidance
- › **Tilt Sensor** automatically selects best light source
- › **Rapid Deployment System**
automatically turns on/syncs flare
- › **Make cones an active warning**
Brightly illuminates a traffic cone
- › **Crush Proof** (Independent lab 50,000 lbs. crush strength)
- › **IP67 Rating**
- › **Cost Effective;** Short Return on Investment (ROI)
- › **Reverse flash direction**
Deploy in the reverse order
- › **Individual flare weight**
0.56 lbs (9 oz)
